

Successfully Social New England 2022 Enrollment Forms

Successfully Social New England is a social learning community where students and families connect, learn, and grow together. We respect one another as individuals and blend our unique qualities into dynamic, small social learning groups. Outside of the group, we provide varied opportunities for our students to come together to develop and practice their social skills. We work hard to consistently provide a safe, fun, and welcoming environment for our social learners and their families.

What Successfully Social, students and families can expect from participation in our programs:

- A creative, innovative approach to enhancing student social skills in highly structured and less structured settings
- Innovative, group sessions that are customized to fit participants' strengths, interests, and areas for social growth
- Skills delivered in a thoughtfully assigned group
- Family support designed to encourage skills learned at group to be carried over to the home and other settings.
- A non-ABA approach that does not harm, shame, or use rewards/punishments as a way of teaching/coaching

Social learning group participation at Successfully Social

How we build groups

We believe that children make social progress when learning with like-minded peers. Therefore, we carefully group students based on strengths, interests, age, and areas for social growth. Building thoughtfully blended groups can be a complex process so we appreciate your patience.

Intake Consult

Prospective students and guardians are encouraged to participate in a short (no more than 30 min) in-person or Zoom intake prior to starting a group. If we do not offer a group that is a good fit for a child's needs or social learning style, we will work with families to provide a referral to a professional or organization that could be a better fit.

To schedule an intake please email Coach Allison at SuccessfullySocialNE@gmail.com.

All coaching services are held at our office at 241 Main Street in Townsend, MA 01469.

Cost of Services for 2022

We are happy to offer a variety of services to fit your family.

Report for IEP Meeting \$400 per report

Travel Fees for services outside 10 mile radius from office.

Payment

Services/Groups are billed for prepayment. Payment for the first session should be made prior to attending the first group. Any client account carrying more than 30 day balance due will be considered 'on hold' pending payment arrangements. Services and/or group participation may be considered 'on hold' as well until payment arrangements have been confirmed. Payment is required at the time of service even if students must miss one or more sessions (except by written, prior approval).

Groups at Successfully Social are considered educational in nature, therefore, we do not accept health insurance. We will gladly provide families with a receipt of services, but are not able to directly communicate with health insurance companies, provide codes to health insurance companies, or bill to third parties.

Once a student is matched to a group, their space is guaranteed:

1. For the duration of the semester
2. Providing the account is current
3. Until the family notifies Successfully Social that the child will not be participating in the group the following month.

Discontinuing with group

When you commit to our groups it is a semester long commitment (Sept-Dec). After the coaching sessions have begun we cannot issue a full refund. We understand that life happens and plans can change unexpectedly. If you need to pull your child from a group due to emergency or medical reasons a written notice is required. Clients can choose to save their credit for the Spring sessions or receive a 20% refund of the original payment.

A two week notice for group members that meet weekly and a 1 month notice for group members that meet twice a month. Families are expected to pay for any sessions - whether attended or not - for the month following notice of cancellation.

Please note the exceptions to this:

- (1) documented emergency/medical reasons
- (2) if Successfully Social cancels group and is unable to reschedule at a time the family can attend (this includes snow days)

Social Justice Fund

We understand the price of our services, and the fact that being outside of the ABA structure means no reimbursement, leaves a barrier to access. In our ongoing efforts to be an anti-racist organization, we have created a Social Justice Fund for children of marginalized identities- specifically BIPOC and LGBTQIA to reduce the cost to families who could otherwise not afford services. If your family is interested in accessing this fund, please email SuccessfullySocialNE@gmail.com to begin this process.

For families not from a marginalized group, but otherwise experiencing financial barriers, please reach out about a payment plan.

Calendar, Closings & Expectations for Attendance

Successfully Social roughly follows the local school calendar.

In inclement weather, Successfully Social closes with the local public schools. Successfully Social may also close at the discretion of the director. Closings are sent via email. In the event of a weather related closing, a makeup opportunity will be discussed and thoughtfully planned out.

Social groups are most productive when all group members are attending as many sessions as possible. However, we understand that life happens, and occasionally students need to miss a group. Semesters run from early September through December and January through May. Group members are allowed one excused absence per semester without being charged if enrolled at the beginning of the semester. Beyond that, missed sessions will be billed as regular sessions.

On the rare occasion that everyone is absent from the group except for one client, we will still hold the session. This is a good opportunity for the child and the coach to focus on individual needs as we wish we had some individual time to work with all of our clients. This session will still be billed at the group therapy rate. We will not call you to let you know that you will have an individual session, as we don't often hear about absences until the day of.

COVID-19 Protocols

Masks will be required when it is required by the CDC and/or the town and state during in-person sessions for the health and safety of the learning community. Clients are welcome to wear masks if they feel more comfortable. In the event that COVID-19 forces school closures, services will follow the guidance of the state and the CDC. If meeting in person remains safe for small groups, we will continue in person. If not, services will move to a virtual model.
